

**MORE THAN A SOLUTION,
A GROWTH PLAN**

The 3 T's of Croptober

TRICHS | TERPS | TRIMMERS

GREENBROZ

Terpenes Defined

- Diverse class of organic compounds, produced by plants, conifers, and some insects
- In essential oils
- Strong odor protects plants from herbivores, predators, parasites
- Terpenoids (or isoprenoids) contain additional functional groups, usually oxygen-containing
- Mostly hydro-carbons $(C_5H_8)_n$

CANNABIS TRICHOME TYPES

More Insight on Popular Terpenes

ALPHA-PINENE

- Scent of pine
- Abundant in conifers, rosemary, and turpentine trees
- A natural insecticide that protects plants from parasites
- Antibacterial
- Opens airways
- Strain with Alpha-Pinene: White Widow

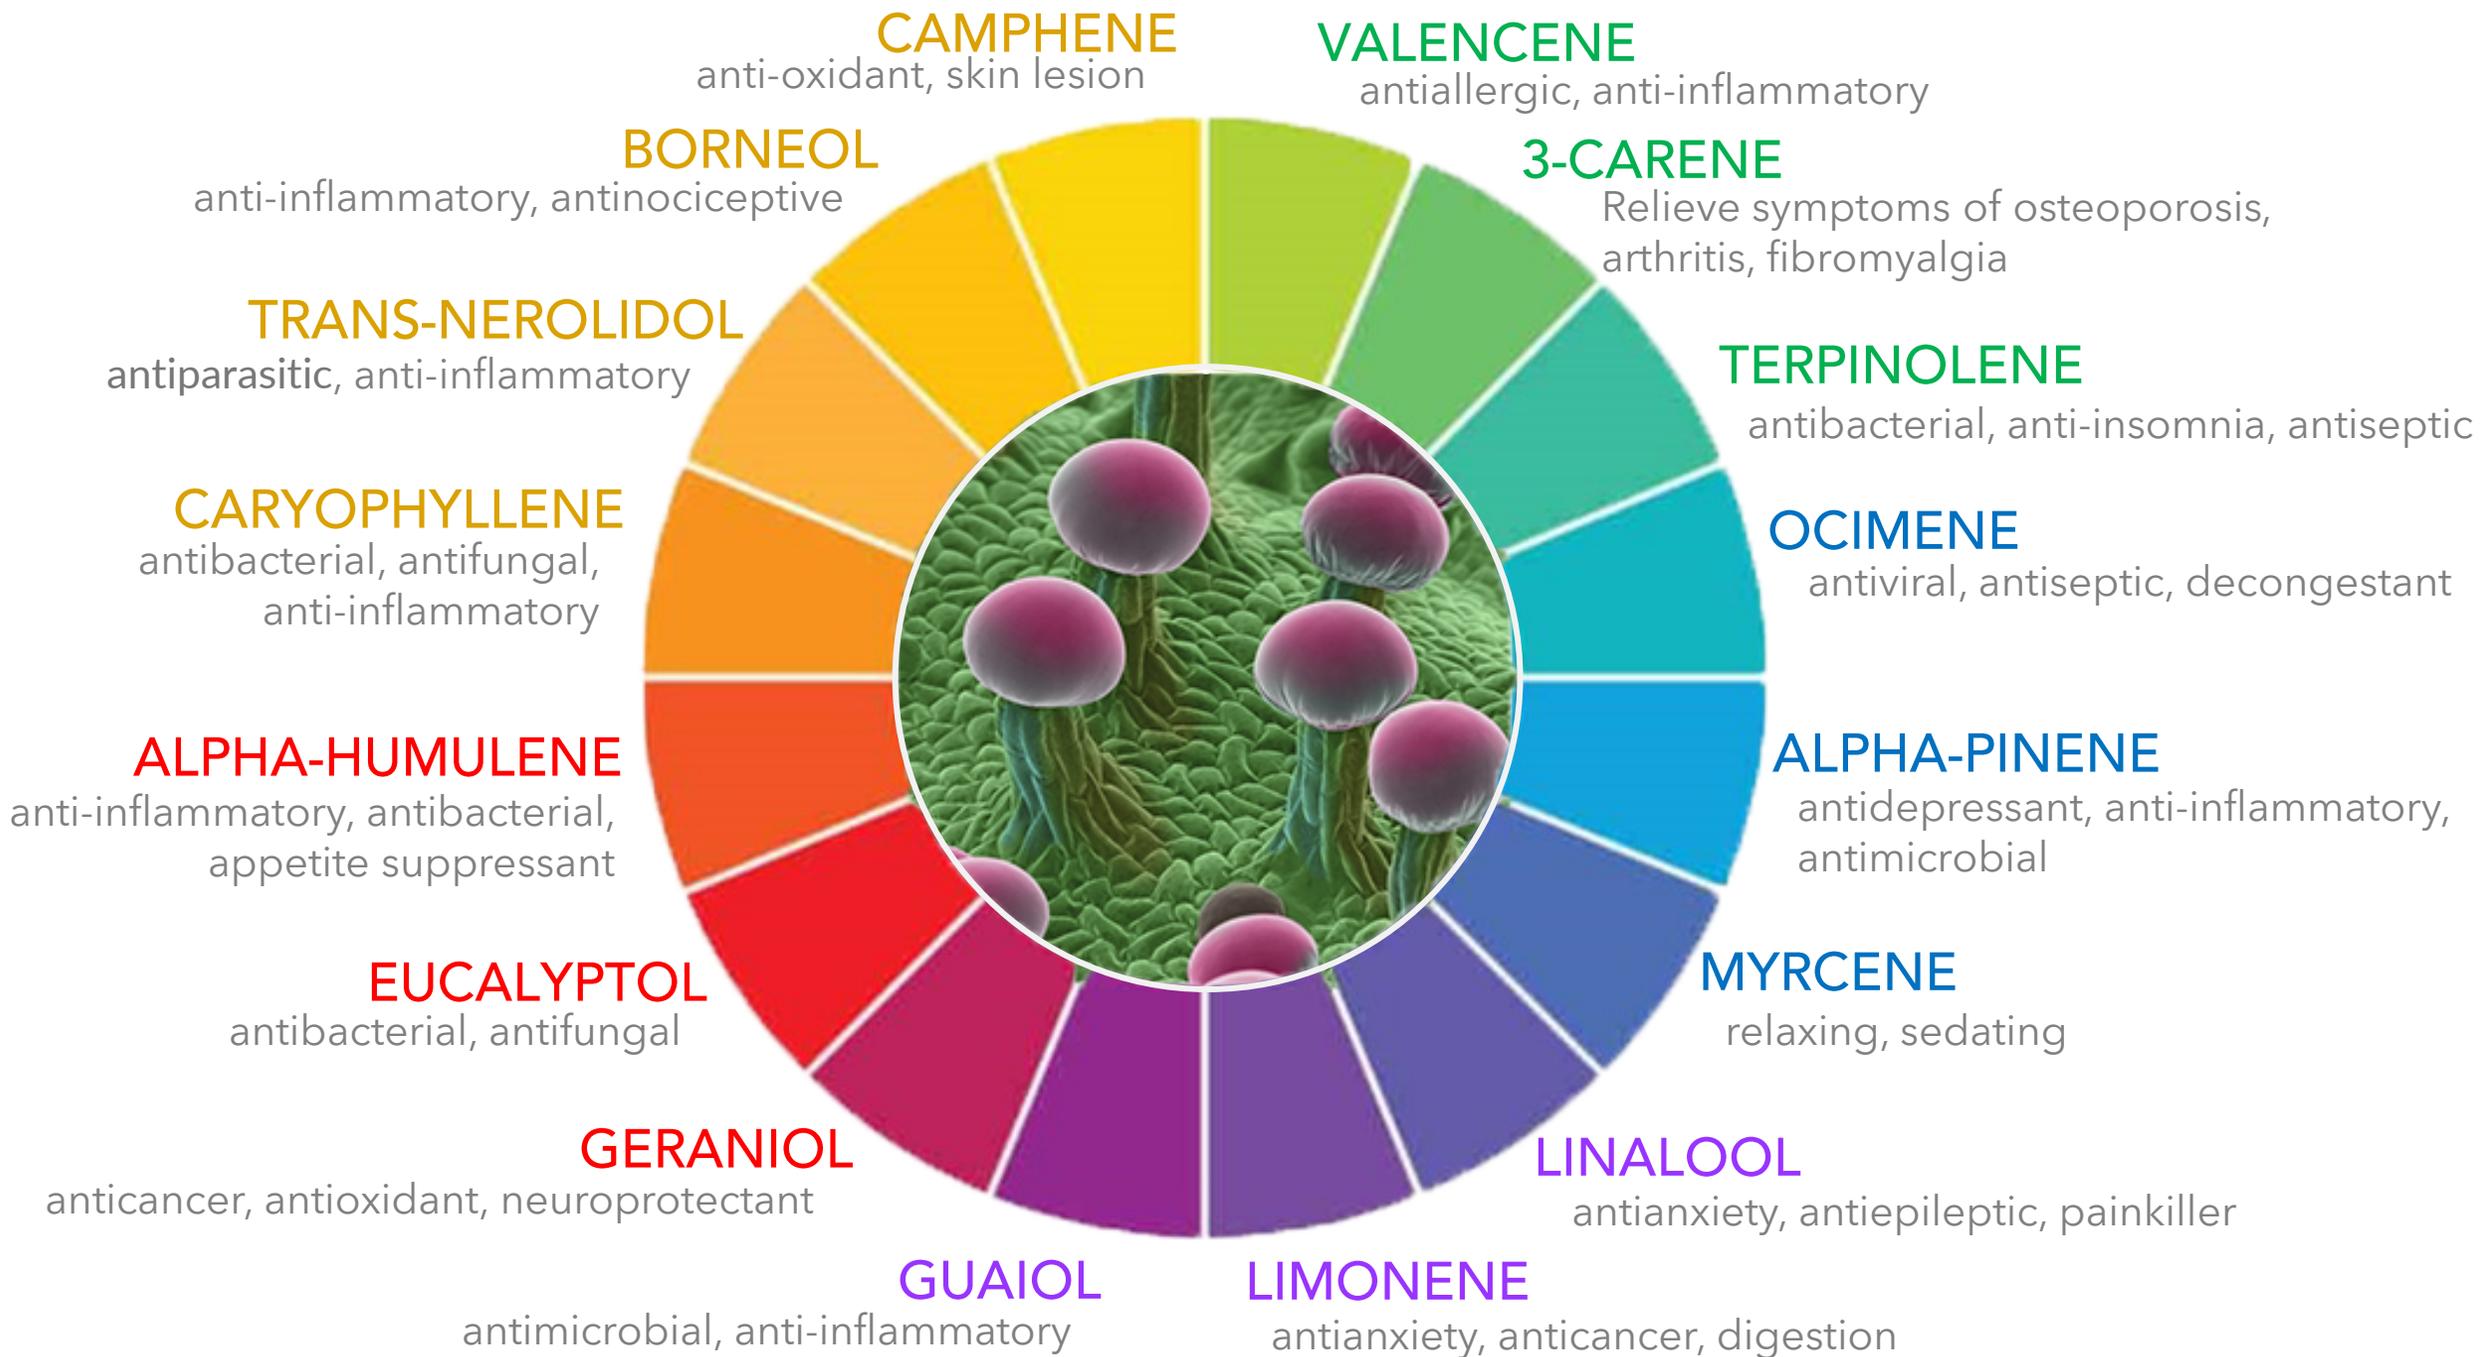

LIMONENE

- Strong citrus scent
- Found in limes, lemons, oranges, and rind
- Anti-anxiety and antidepressant properties
- Antibacterial
- Home remedy for acne and Athletes' Foot
- Strain with Limonene: Lemon Haze

MYRCENE

- Strong peppery, spicy, and herbal scent
- Found in thyme, parsley, and bay leaf
- Aspirin-like analgesic
- Powerful antioxidant
- A sedative
- Strain with Myrcene: El Nino

Gentle trimming is crucial to preserve the trichomes and potency of the flower.

GREENBROZ

Why dry trim?

- ✓ Trichomes have a chance to harden
- ✓ Retain terpene profile
- ✓ Gentler on flower
- ✓ Better quality product
- ✓ Greater value to market
- ✓ Makes extraction easier

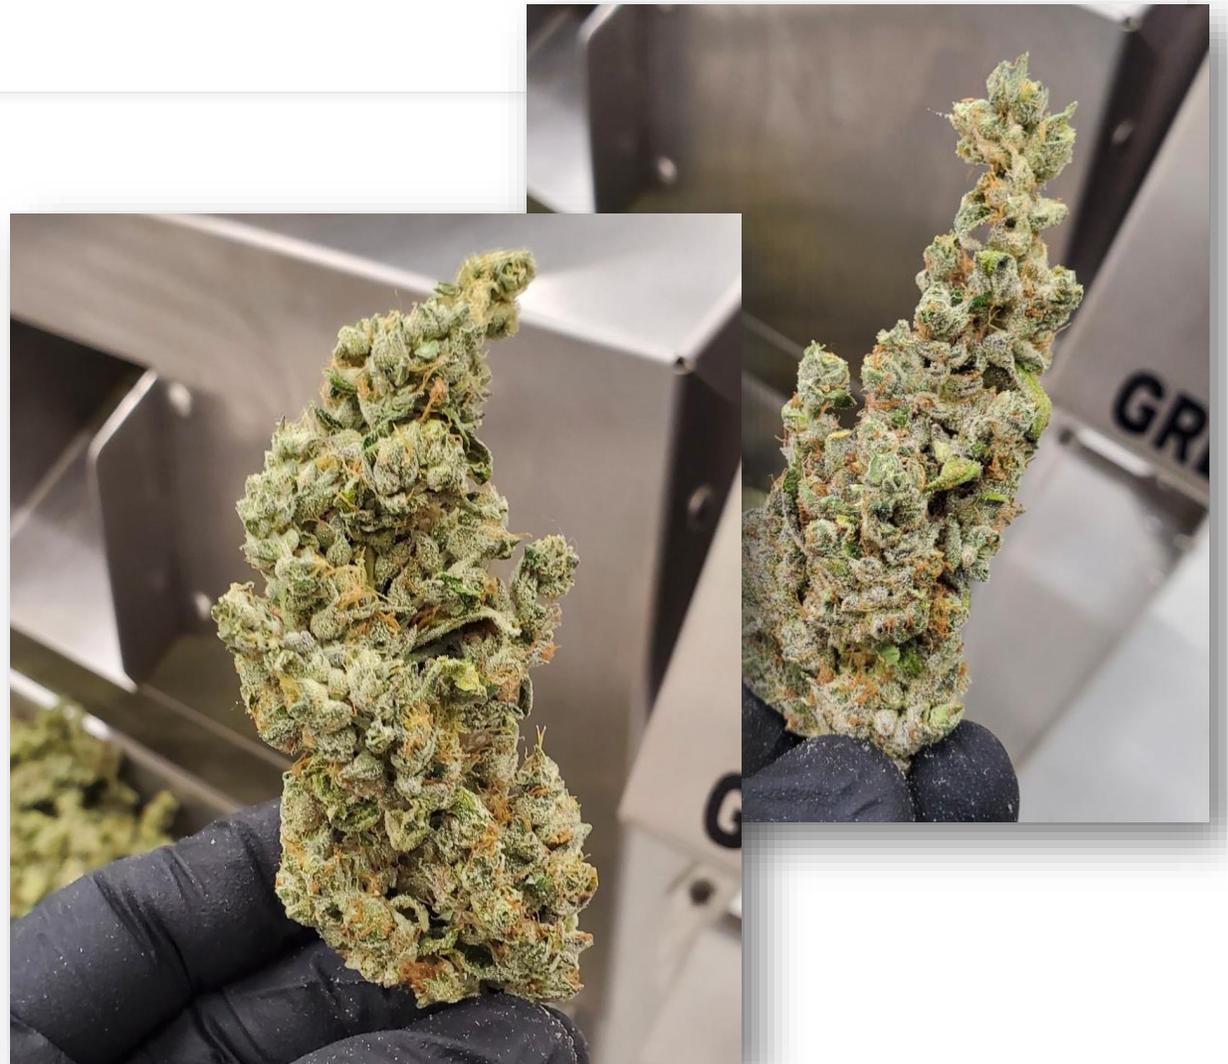

GREENBROZ

Most Automated Trimmers

Our Dry Trimmers

Why Would a Cannabis or Hemp Operation Want to Use Our Dry Trimmers?

Most Automated Trimmers

- Risk of product damage/degradation due to over trimming
- In one end and out the other
- Little control over finish
- Shave the flower into pinecones or golf balls

Our Dry Trimmers

- ✓ Leaves natural contours and trichomes of each flower intact
- ✓ Ability to maintain quality while scaling volume
- ✓ The ONLY Trimmer that simulates hand finish
- ✓ Operator remains in control throughout the process. YOU choose the finish

Why Would You Choose Our Dry Trimmers

- Engineered for gentle trimming for top quality flower
 - Patented blade design
 - Variable speed control
 - Inner fins eliminate need for hand interaction
- Full control over the trimming process
- Surgical Grade 316 Stainless Steel, Food Grade 304 Stainless Steel, and HDPE
 - GMP Compliant
- Negligible trichome loss (+/- 1%) compared to hand trimmed and Model M trimmed flowers.
